

ULTRAglaZE™

Inspired by the top European design houses, ULTRAglaZE doors and panels offer Interior Designers and Architects a new dimension in creating kitchens and rooms of breathtaking beauty. The lustrous mirror-like ultra high gloss finish captures the light and surrounding reflections.

ULTRAglaZE provides, seamless lines that are enhanced when combined with sleek design solid aluminium or matching gloss finish.

ULTRAglazy™

DOORS and PANELS

Setting a High Standard

ULTRAglazy manufacturing has been designing and manufacturing doors and panels of exceptional quality, craftsmanship and value for over 20 years.

Now, their European inspired ULTRAglazy range, takes kitchen and interior design to a new level of sophistication and design.

Features include:

- Mirror-like high gloss finish and super matt non reflective finish.
- Colour fade & UV resistant, surpassing Australasian Standards
- Easy cleaning and maintenance
- Technologically advanced sealed product preventing bacteria

Health and Environment:

All components of an ULTRAglazy product are virtually emission and VOC (Volatile Organic Compound) free, especially when compared to traditional painted doors. ULTRAglazy utilises EO MR MDF.

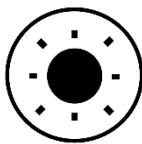

ULTRAglazy is the perfect choice for today's environmentally conscious customers, giving them assurance they are safe from exposure to toxic emissions within the home or work place.

Colour Range

Gloss Finishes.

ULTRAglaZe whites, solid colours and metallic colours have a superior high gloss finish.

See our website for colour options.

Our range of elegant colours give you a variety of beautiful options designed to compliment your home's colour scheme. From the delicate beauty of the pristine white in Arctic Ice, Phantom Black or our Metallic colour options, there is a colour that will turn your new kitchen into one of astonishing elegance.

Matt Finishes.

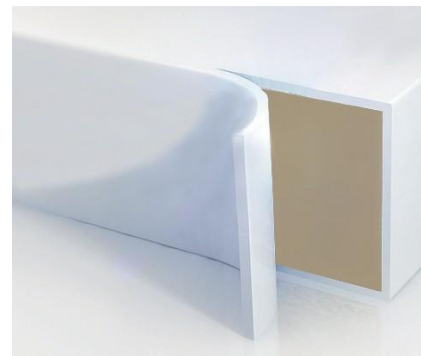

ULTRAglaZe Matt range is a super matt, non reflective acrylic finish in fashionable tones of white, black and grey. Designed for interior use in kitchens, vanities and other cabinetry.

ULTRAglaZe technical

ULTRAglaZe Gloss White/Colours are 0.7mm, Gloss Metallics 0.8mm and our Matt range are 0.5mm thick acrylic pressed using PUR technology onto moisture resistant, low emission (EOMR) MDF. 10 year limited warranty against delamination and UV discolouration is provided.

See our website www.ultraglaze.co.nz for Care & Maintenance guide and technical information.
